

Supporting local businesses and employees.

This list started with an email from Adam Graham-Squire to the SunsetHills GoogleGroup. "One of the things I love about this neighborhood is the local businesses that we have close by. I know that many businesses (especially small ones) are being hit hard right now, and I was wondering if people had thoughts about what we can be doing as a community to make sure the local businesses that we love are still here when this whole thing passes. That was a really long sentence, my apologies.

I know I can order takeout, but beyond that I am not so sure. Should we be lobbying our city council to come up with some program to support local businesses? Are there other ways to support businesses that are not as visible as grocery stores and restaurants?

Thanks in advance!"

Mollie Lyles sent the GoogleGroup a message too; "What if we get to know our neighbors and their small businesses and highlight them in the Spring newsletter... Sunset Supports Small Businesses - Spring Edition"

We then sent email to ask people to submit small businesses we could help during this time. All of these came from the request to the GoogleGroup. Several people sent in reviews or contact information for "take out". Everybody eats daily so we included those as well. Please keep this list and also read all the ads as one of those may offer a service or product that you could use. We included as much information as we could find in a reasonable time.

"We ordered flowers to deliver to family members in Greensboro and HighPoint. The flowers were very much appreciated and put smiles on faces! The arrangements were quite well done. As I'm sure most businesses try to do, they followed all CDC guidelines and made me feel good about the deliveries. Just an idea to try."

From Nicole Naviglia: "Shopping small and shopping local 100% I have purchased some restaurant gift cards. If you're a dog lover, **Doggos (formerly the Barking Deck)** was hit with both a sudden location move and now they're temporarily closed due to COVID 19. A customer created a GoFundMe for them... <https://www.gofundme.com/f/doggos-dog-park-amp-pub> so if you have the means and the desire to do so, you can donate a few dollars their way. I hope their new landlord is working with them to ensure they can reopen - they have a great location near Pig Pounder and Mac's Speed Shop."

Our Corner Market has made it so easy to enjoy all the local goodies we are used to while maintaining a healthy social distance. Most of the vendors take advance orders. All of the orders are available for pickup under a tent in the Fishbones parking lot. You don’t even have to get out of your car. Just follow the sign indicating where to enter the parking lot and the staff will bring everything to you. It’s all very well organized, quick and convenient.

Here is the link for preordering:

For those who prefer to interact directly with vendors on Saturday morning, that is still possible. They are all in the Sticks and Stones parking lot 9-12, wearing masks and carefully spaced at a safe distance from each other.

"Just wanted to say I purchased 10 masks and just ordered some for my parents. The masks are terrific - very comfortable and fit well. And I no longer look like I'm robbing a bank when I run to the grocery store with a bandana tied to my face. I appreciate Susy and Rodney providing these to the neighborhood." From Nicole xxx
